River Rejuvenation Mission

➤ **The work of Niranjana Rejuvenation is possible only with the participation of the villages.**

Therefore, first of all, in order to establish communication in the villages, we often travel to the villages to know and understand the villages along the river banks and to study the socio-geographical studies of the villages. In the meantime, it is our endeavor to work in this direction, how the villagers should be connected with the Niranjana River Recharge Mission, how they can move forward with better thinking for their future and their village. Efforts should be made in such a way that the villagers work for themselves, work for their village and keep their employment at the center and nature also gets direct benefit from them. As a result, the Niranjana-Phalgu river becomes eternal.

सुजाता गढ़ भी पहुंची संतों की टोली

पायलट बाबा "सुजाता गढ़" पहुंचे, जहां सुजाता नाम की महिला ने उपवास की वजह से अत्यंत कमजोर हो चुके भगवान बुद्ध को खीर बनाकर खिलाया था और तब निरंजना नदी को पार करके भगवान को महाकौपी वस्त्र के नीचे ज्ञान की प्राप्ति हुई थी। ये वही नदी है जिसमें ज्ञानप्राप्ति का सबसे पहला साक्ष्य दिया। इस नदी फंका गया पाव धारा के विपरीत बहता गया जिससे भगवान बुद्ध के ज्ञान प्राप्ति की बात ज्ञात हुई। अंत में निरंजना नदी पर केंद्रित एक बैठक की गयी जो लाओस टेम्पल बोधभया के प्राणण में रखी गयी, जिसकी अध्यक्षता लाओ इंटरनेशनल के शिक्षक ईनाजें साईंसना बौद्धवोग ने किया व बैठक के संचालन का जिम्मा सुरेश सिंह को दिया गया। महायोगी पायलट बाबा व मिशन के संयोजक संजय सक्जन् की उपस्थिति में बैठक आगे बढ़ी। इस नदी को सदायार बनाने के लिए बाबा जी ने हर संभव कोशिश करने की बात कही। उन्होंने कहा कि हमारा कर्तव्य बनता है कि भगवान बुद्ध की इस नदी को हमसब मिलकर सदायार बनाएं। अब हम भी निरंजना रिचार्ज मिशन के साथ हैं।

निरंजना नदी भ्रष्टान बूढ़ के जीवन से जुड़ी कई घटनाओं को समेटे है। ज्ञान प्राप्ति से पूर्व इन्होंने इसमें स्नान किया था। विभिन्न बौद्ध साहित्यों में इसके सन्दर्भों करने की बात कही गई है। लेकिन अब बौद्धों की पवित्र नदी निरंजना नदी सूखती जा रही है। नदियां तब मर जाती हैं, जब हम उससे ज्यादा लेते हैं और कम देते हैं। हमें इस प्रक्रिया को उलटना होगा।

हम ज्यादा देगे और कम लेगे तो नदी धरेगी नहीं नदी धरेगी। इसके लिए निरंजना रिवर रीचार्ज मिशन गठित की गई है। मिशन के संयोजक संजय सक्सेना इस मिशन से लोगों को जोड़ने की प्रक्रिया में लगे हैं। इसी के तहत बोधगया निरंजना नदी से रामरेखा नदी तक की रिवर यात्रा निकाली गई है। इस यात्रा के दौरान बौद्ध भिक्षुओं ने रामरेखा नदी तक एक सूखी हुई नदी को जीवित किया है, जिसे प्रेरणा लेकर निरंजना नदी पर काम किया जा रहा है। इसे देखने व समझने के लिए यह यात्रा की गई। यह यात्रा बोधगया से औरंगाबाद देव होते हुए रामरेखा नदी के उद्गम स्थल बुधिया प्रखंड के छकरबांधा पंचायत तक गई।
